

JustOne Organics™

A PRODUCTION, SALES & MARKETING FOOD ECOSYSTEM COMPANY

Ingredients Flier-v2.1

www.justoneorganics.com

September 2014

INGREDIENT SALES through ESSENCES RETAINED!

Nutritive Dehydration

Organic dehydrated fruit and vegetable flakes and powders
State Of The Art process GENTLY removes up to 98% of water,
retaining nutrients, flavors, color and FOOD ESSENCE
creating superior ingredients for your products

Nutrition Density Testing

Another State Of The Art breakthrough:
Daily deep nutrient scanning and posting online
for nutrient accountability; building consumer
trust and brand loyalty

JustOne Organics™ creates stronger
farmers and farming communities through
Contract Buying, Nutrient Density Testing and
farm business development Partnerships to
continually improve organic crop and ingredient
quality from harvest to harvest.

WHAT DO YOU NEED?

- Improved flavor, color and Nutrition?
- New ingredients
- New ideas
- Improved products
- Greater sales!

JustOne Organics™

***** Improved Technology and Quality, commitment to Organic, ingredient availability**
